Institution/University: Hochschule u45

Faculty/Department/Unit:

Field: Biology (TEST)

General instructions

Years

Many questions in this questionnaire specify that information should be provided for (a) particular year(s).

The table below indicates the academic year in questions where an academic year does not coincide with a calendar year.

Please use the format that fits your institutional administration best. Please be consistent regarding the format you have chosen within each question.

Calendar year	Academic year
2012	2012/2013
2013	2013/2014
2014	2014/2015

Handling of missing data

If data are not available, please leave those fields blank and use the check box ("data not available") or write a short remark on this question.

Please enter "0" (zero) only when the zero is the correct data. Do not use "0" to mark that data are not available!

(E.g. no international doctoral candidates = 0. No data on international doctoral candidates = blank and tick checkbox).

At times questions may have sub-sections. In the event that some of the information is not available, but other parts are, then please use the check box "data not available", but still provide any of the available information you can.

In these situations, please make a note in the comment section that only partial information was available.

Please note that explanations on data elements, calculations and rationales can be found in the indicator book on our [website](#).

Preliminary remarks:

The questionmark within the questions leads to detailed information like definitions and for which indicators this question will be used.

Overview

1 Please give the full name and address of the unit responsible for organising Biology . [?]

Part 1: Details about the individual study programmes

2 You already indicated the degree programmes, which you want to have included, in the pre-survey. After checking them with regard to eligibility (degree level, minimum number of students) and their fit into the field, the following programmes can be integrated in U-Multirank.

Please check again, that only programmes

- which **are already running**,
- which are offered as a **main subject/major** in **Biology** in your department, and,
- in which first year enrolment will still be possible in 2016

are listed.

Please do not include

- Short term **first** degrees **below** bachelor level (1 or 2 year programmes),
- Continuous education /CPD programmes,
- Distance education programmes only,
- Special programmes for teacher education,
- Programmes in which first year enrolment is not possible any more,
- Ph.D./doctorate programmes

Those programmes can be listed for information below under b) "Other study programmes".

If you want to include additional programmes, please contact the U-Multirank team (info@umultirank.org).

a)

Programme name	Programme level
Biology 1 (TEST)	Master
Biology 2 (TEST)	long undivided first degree (>= 5 years)
Biology 3 (TEST)	other

b) Other study programmes:
